

# CoderDojoTo - Ideation 101

*“Creative thinking inspires ideas. Ideas inspire change.” - Barbara Januszkiewicz*

Idea generation exercise:

On a piece of paper, make 3 equal columns.

Fill in the columns like this:

## 1. List 3 hobbies:

Eg: Sports, Biology, Coding

## 2. List 3 things in your community you like:

## Mix it up!

And boom, you've got 3 projects to start working on. Go!

**Sport, Parks, Visual art** = An app about a sports events at your park

**Studying, School, Web sites** = A blog for you and your friends to write about biology

**Coding, Church, Visual art** = A poster about a CoderDojo event you are holding at church
